

**First Consultation Workshop on
"APHAEA harmonized Approaches in monitoring wildlife
Population Health, And Ecology and Abundance"
EMIDA ERANet Project
"Meeting with External Partners"
Brescia, Italy 27th-28th June, 2013**

2-day meeting devoted to "Harmonizing protocols for wildlife population and wildlife disease surveillance in Europe" □

Organised by APHAEA in collaboration with IZSLER (Istituto Zooprofilattico Sperimentale della Lombardia e dell'Emilia Romagna)

Outline Programme:

Wednesday, 26th June, 2013 **Delegates arrival**

Thursday, 27th June, 2013 **Meeting place: IZSLER 9:00 – 18:10**

- 09:00 – 13:00 Morning for the core APHAEA partners only: where are we and how best to achieve our goals? (*Gortazar C. Ferroglio E. Staubach C., Ryser M.P. Herzig M., Ulrich R., Kuiken T. and others*)
- 13:00 – 13:30 Welcome and inscriptions of External Partners and EWDA colleagues and Posters setup
- 13:30 – 14:30 Lunch (free for all participants in the IZSLER canteen)
- 14:30 – 16:30 Invited Lectures (*Chair Staubach C.*).
A. "Harmonise monitoring of pathogens, surveillance plans" *Kuiken, T.*
B. "Population density/abundance" *Bonenfant, C.*
- 16:30 – 16:50 Coffee Break
- 16:50 – 18:10 APHAEA presentation session 1 (*Chair Kuiken T.*) 15'+5' discussion
1. "Monitoring wild bird populations for disease" *Esperón, F.*
2. "The inclusion of AIV of dabbling ducks in the surveillance of Poultry: a risk-based approach" *Galletti, G.*
3. "Bulgy-eyed (respiratory cryptosporidiosis) disease in red grouse from grouse (shooting) moors in Northern England" *Duff, P.*
4. "A decade of West Nile Virus surveillance in Hungary. Methods and lessons" *Erdélyi, K.*
- 19:30 Dinner

Friday, 28th June, 2013 Meeting place: IZSLER 9:00 – 17:00

- 06:30 – 08,30 Rodents snap-trap exercise on Monte Maddalena
Imholt, C. Chiari M.
- 09:00 – 09:10 APHAEA: introduction. *C. Gortazar*
- 09:10 – 09:35 APHAEA network development. *Ryser M.P.*
- 09:35 – 10:00 Upcoming APHAEA initiative: Pilot field studies *Staubach C.*
- 10:00 – 11:00 Invited Lectures (Chair *Ryser M.P.*)
C. "Determinants of rodent population fluctuations and methodological approaches to estimate small herbivore density" *Imholt, C.*
- 11:00 – 11:30 Coffee Break
- 11:30 - 12:50 Presentation session 2 (Chair *Gortazar C.*)
5. "Bat White-Nose Syndrome and *Geomyces destructans* surveillance in Great Britain" *Barlow, A.*
6. "Serosurvey for Schmallenberg Virus in Alpine wild ungulates" *Chiari, M.*
7. "Wildlife health and surveillance in Norway" *das Neves, C.G.*
8. "Field monitoring on the fox population data in relation to sanitary surveillance in North-Eastern Italy" *Citterio, C.*
- 12:50 – 13,30 Poster discussion
- 13:30 – 14:30 Lunch (free for all participants in the IZSLER canteen)
- 14:30 – 15:30 Invited Lecture (Chair *Lavazza A.*)
D. "Epidemiology, characterization and diagnosis of lagoviruses" *Capucci L.*
- 15:30 – 16:00 Conclusive remarks (Chair *Ferroglio E.*)
E. "Integration of wildlife population monitoring with wildlife disease monitoring" *Gortazar C.*
- 16:00 – 17:00 Synthesis workshop Brescia
- *Ryser M.P.*
- *C. Gortazar*
- 17:00 Conclusions and farewell

Friday evening or at weekend delegates travel home
